

## Focusing International Rankings for SDGs

On 30th September, 2024, the Sindh Higher Education Commission (SHEC), in collaboration with Salim Habib University, organized an engaging workshop on “Focusing International Rankings for SDGs”, aimed at strengthening understanding of how universities can improve their global standing through Sustainable Development Goals (SDG) performance.

The session highlighted key SDG-related indicators used by international ranking bodies, emphasizing the importance of research output, community engagement, environmental sustainability, and institutional governance. Practical strategies were shared to help universities align their initiatives with global SDG benchmarks and enhance visibility in international rankings.
